

KITCHEN DESIGN

WISCONSIN

King Klinker America's Traditional Collection brings warmth and character to this beautifully designed residential kitchen. By blending **Clayland**, **Wall Street**, **Neverland**, and **Old Factory** thin brick in King Size, the space achieves an inviting atmosphere with a refined architectural presence.

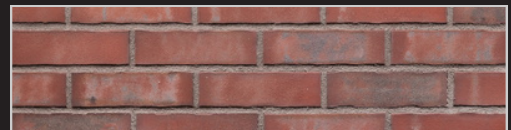

The rich blend of comforting earth tones, all organically derived from red clay, creates depth, texture, and character throughout the kitchen. From the dramatic archway to the accent walls and detailed openings, the King Size format enhances the masonry look while complementing the rustic wood beams and natural finishes throughout the home.

Designed as a gathering place for family and conversation, the kitchen creates a welcoming environment that feels connected to tradition and everyday living. The thoughtful mix of colors gives the space both warmth and stately appeal, making it the heart of the home.

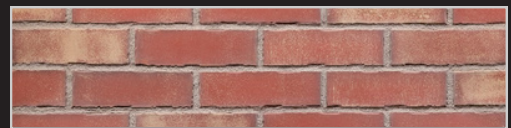

THIN BRICK BREAKDOWN

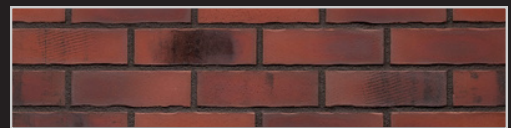

Clayland | King Size

Wall Street | King Size

Neverland | King Size

Old Factory | King Size
