

NOWA GROBLA APARTMENTS

GDAŃSK, POLAND

Located on Długa Grobla Street in Gdańsk, Poland, the Nowa Grobla Apartments, developed by ATAL S.A., comprise two buildings housing 168 meticulously designed apartments.

The architecture seamlessly blends contemporary aesthetics with the historic charm of Gdańsk's Old Town.

The façades feature King Klinker Thin Brick's **Black Stone** and **Ruby Red** thin bricks. The Black Stone bricks contribute a sleek, modern appearance, while the Ruby Red bricks provide striking accents, enhancing the overall visual appeal.

This thoughtful integration of premium materials underscores the architect's commitment to quality and detail, establishing Nowa Grobla Apartments as a prestigious residential development that harmonizes with its historic surroundings.
