

WYNDHAM SUPER 8

HAMBURG, GERMANY

In Hamburg's Borgfelde district, the Wyndham Super 8 anchors a modern hotel complex that integrates contemporary design with the city's historic character. Its façade features **Urban Blend** thin brick in King size, giving the structure a distinctive, rustic elegance while complementing Hamburg's architectural heritage. Located near historic sites and transportation hubs, the complex offers guests convenient access to the Hanseatic city.

Designed by German studio MPP, the Wyndham Super 8 and neighboring Holiday Inn reflect careful attention to material selection and façade details. The use of Urban Blend thin brick balances modern aesthetics with traditional character, making the complex a notable addition to Hamburg's urban landscape.

THIN BRICK BREAKDOWN

Urban Blend, King Size 9/16"
