

## KLER

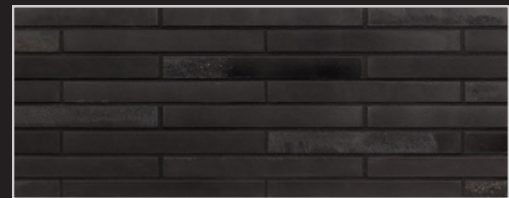

### KATOWICE, POLAND

Kler is a Polish furniture and interior design brand known for quality craftsmanship, refined materials, and complete interior collections. Its Katowice showroom provides an expansive setting where visitors can explore furniture, décor, and coordinated spaces designed for modern living.

The building reflects the same attention to design found inside. King Klinker's Black Beauty thin brick in Imperial size is installed vertically across the façade, creating strong lines, rich texture, and a bold contemporary appearance.

The dark, sophisticated thin brick complements Kler's focus on modern interiors and high-quality materials. By giving the showroom a distinctive architectural identity, the façade sets the tone for the design experience waiting inside.
